

FikFap Guide for OnlyFans models

What is FikFap?

FikFap is a platform for sharing 18+ vertical TikTok style videos with millions of monthly visits. It is another simple way to promote your OnlyFans or any other platform / social media account as you can have a direct OF link on your profile and posts. If you make NSFW videos or promote on Reddit, TikTok, Twitter or Instagram, you can simply use the content that you already have to reach FikFap audience.

How to start?

First of all, you need to create an account. As an author of this free guide, I would appreciate if you use my referral link:

<https://fikfap.com/partners?aid=W2dW3n5IW4>

Additionally, I will provide lifetime help and Q&A to those who use it, feel free to contact me on Telegram: @anonymous100213

Verification

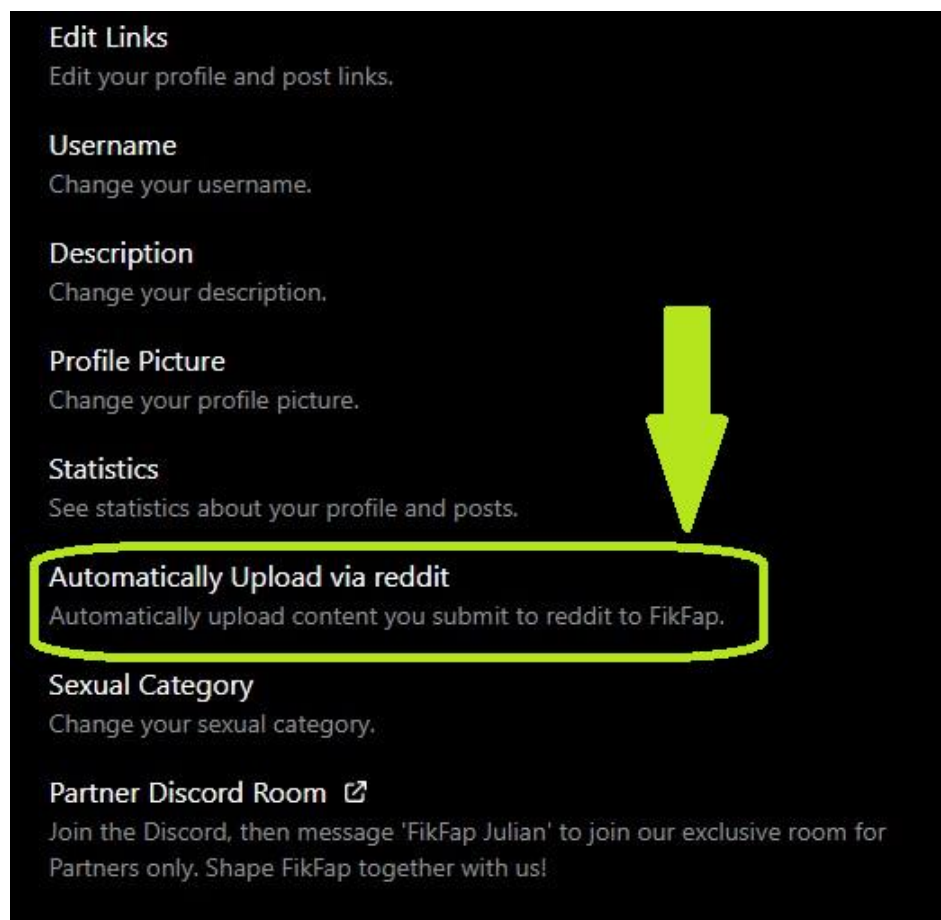

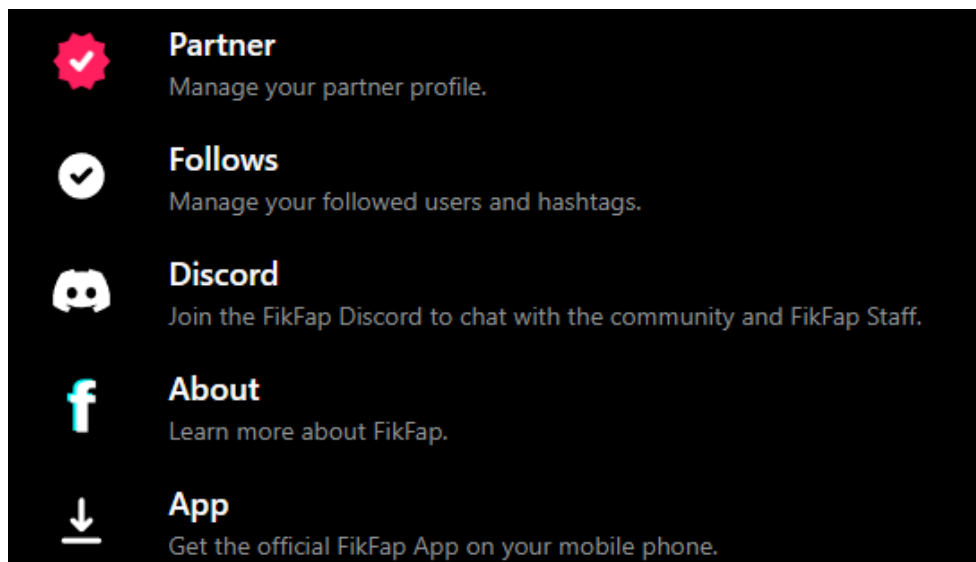

As soon as your account is created, you have to go through the verification process. You will be asked to provide your social media links and make a verification photo. Normally, it takes no longer than 1-2 days to get approved.

Content

Basically, there are two main requirements: it has to be a vertical video up to 60 seconds long and contain sound or music. You can upload

thirst trap TikToks, videos that you post on Reddit or lewd content from Instagram.

Additionally, FikFap has a feature that allows to connect your Reddit account and enable automatic reposting of Reddit posts. You can activate it in menu by clicking “Partner” > “Automatically Upload via Reddit”.

Profile setup

This part is pretty easy and doesn't really require any additional guidance.

"Edit Links" – you can add your OnlyFans, Fansly, Pornhub or any other links here.

"Username" – choose or edit your username. Obviously, it's better to have the same username as you have on your other platforms.

"Description" – it is basically your profile bio.

"Profile Picture" – your profile avatar.

"Statistics" – this is where you can see how many times your profile links have been clicked and from which countries the traffic is coming from.

"Sexual Category" – choose the proper category for your account (Straight, Lesbian, Gay, Trans or Other). This choice will not be displayed on your profile.

Conclusion

There are not that many models on the platform yet so it's a good opportunity to take advantage of. If you have any questions, feel free to contact me on Telegram: @anonymous100213. Good luck!
